A great, lightweight, powerful 1U solid state power amp at the FAIR price. Although, you haven't mentioned price yet. guitarnet70 Member. Messages 6,314. Jan 19, 2011 #7 500 here in EU, 680-ish US\$ P. paulmapp8306 Member. Messages 699. Jan 19, 2011 #8 Yep. Currently available direct from Matrix (or one or two retail outlets in the UK).

Crown has been manufacturing state-of-the-art power amps for over 6 decades. ... the CSA2120Z is a 2-channel power amplifier with an ultra-compact 1U size measuring 1.75" x 12" x 8.5" and weighing just under 9 lbs. ... The controls and ports on the back are also made from good quality solid parts and will stand the test of time. Finally ...

The vacuum technology found in tube amps is a lot older than the solid-state amp, which means that it is prone to having more issues than its solid-state counterparts. If you're a newbie to the amp scene or someone who is looking for a good practice amp, solid-state amps may be the better option. And if you're ready to take the next step ...

If you have the space & the budget, the Mosvalve 962 is the best of the solid state power amps that you mentioned. Other than that, a stereo tube power amp designed for guitar racks is your best bet. ... Mosvalve MV-982 (this is the 1U Mosvalve power amp. The 962 is 2U) ...

here is the long and short of it, those speakers are amazing sounding and very powerful. with that cab if you want a similar loudness feel as a 100 watt tube amp get a solid state power amp that delivers at least 400 watts rms at 8 ohms. you will get the feel and power you are looking for and asking about. and yes the carvin is a great amp but ...

1u solid state power amp

This is true however for most all solid state amps. Reactions: Kojack19. hvactech Member. Messages 1,478. ... switching PS require fans and I don't think you can get a 1U with a fan and SPS. MKB. Silver Supporting Member. Messages 10,194. Jun 23, 2020 ... The reason to ask is this determines how much power a solid state amp can drive into a ...

Ha, just found this unresolved thread. I found a Synq 1K0, Class D 1U stereo power amp from a Belgian company and it's been a good match with my Alembic F-1X preamp. The boogie has been fixed but is a bit noisier than the shallow rack setup so it gets much less gig action and mainly used for rehearsals as it is still a great sounding versatile ...

The AMG One is currently not only my favorite Class D amp but also one of my favorite solid-state amps. Retailing at \$2900 per pair, I find it to be competitive at even a \$10k price point. Plenty of power and Class A-like finesse in an affordable package make for a no-brainer recommendation. Specs & Pricing
