The Solar Royal SR1800 is the best solar attic (ventilation) fan on the market. You will not find a better built, robust featured, "patent-pending" two-piece design for easy installation & ...

There are many solar-powered fan models and styles on the market. You'll need to consider the size of your shed and figure out the minimum airflow needed in your particular shed. One way to figure this out is to multiply the square footage of the shed by its height, then divide the total you get by 7.5.

Solar rechargeable fans available in multiple sizes: 18-inch ceiling fan, 16-inch stand fan, and 12-inch desk fan. Includes two free LED lights for added illumination. Five-speed settings for customizable airflow.
