For completeness, AE2 also has a manual, rotational energy system using the Wooden Crank. This can't be automated, and is used to power the Quartz Grindstone (early-game 1.9x ore processing, and guaranteeing you always can make certain AE2 crafting components even if you somehow don't have a much better grinder added by another mod), and the Charger.

As others have said, the Vibration Chamber is the native AE2 power generator - this powers your ME system and you just connect the Inscriber directly to the system with any cable. Best to ...

Advanced Generators is a mod by bdew based around creating modular power generators. Its blocks are used to create free-form multiblock structures that can support multiple power systems. The resulting machines can be made in any shape and configuration. These generators can be used to simultaneously generate Redstone Flux and Energy Units from a diverse list of fuel ...
