I have already ordered one Arlo solar panel to install with one of my cameras which is a little too high up for me to comfortably get up on a ladder and lift it down to recharge. I won't install solar panels with the other two that I had hooked up to the panels that stopped working, as I can comfortably reach them to lift them down for recharging.

A: Each Arlo Solar Panel can only be connected to 1 Arlo camera for charging. Please note that the Arlo Essential Solar Panel (VMA3600) is only compatible with the Arlo Essential camera series. You will need the Arlo Solar Panel (VMA5600) for each of your Arlo Pro 3 cameras.

Arlo solar panel

The amount of energy that the Arlo Solar Panel can produce depends on several factors: average sun exposure, weather conditions, tilt angle, and dust or debris. A solar panel in the same location might produce a different amount of energy at noon in December than at noon in June. Similarly, the same panel might produce more energy in one geographic location and ...
