Arcadia was founded in 2014 on the belief that everyone deserves access to clean energy. Our initial investment in community solar drove progress toward that vision -- then we built our data platform to solve for access to energy data. Today, we empower businesses everywhere to join our mission to achieve a zero-carbon future.

ARC's North American energy focus supplements the solar-specific acumen of our pre-existing shareholders and this commitment from both groups will also mean more American solar jobs."
