Toowoomba Council's Solar Powered Depot Officially OpenedToowoomba Regional Council Mayor Paul Antonio officially opened Council's new solar-powered \$67 million Principal Depot in Charlton last week.Among the sustainability features of the new depot are a 750,000-liter rainwater tank and solar panels installed on the rooftop of the central operations building and...

Solar power systems are low maintenance, there is not a lot of upkeep required. We do however recommend regular cleaning of your panels to keep performing at their best. Over time dirt, debris and dust can build up, creating a barrier that prevents the sun from reaching the solar panels. As a rule of thumb, once every 6-12 months is usually enough.
