

Bosch solar energy careers

Last year, a range of energy-saving measures at the Qingdao plant yielded savings of almost 510 megawatt-hours. Three-quarters of these savings -- around 380 MWh -- were achieved with the help of the Energy Platform. Bosch has now installed the Energy Platform at 122 of its own plants and also offers it to other companies.

Bosch Solar Energy AG was a German solar wafer and solar cell manufacturer, based in Erfurt, which specialized in crystalline silicon-based photovoltaic (PV) products, as well as thin-film modules using amorphous silicon and CIGS absorber materials. The company consisted of various divisions for silicon, wafers, solar cells and modules, research and production facilities ...
