New Remote Control for Bose Solo 5 10 15 Series II TV Sound System 418775 410376 431974 845194 838309-1100 740928-1120 Bose Solo Soundbar Series II and TV Speaker 4.1 out of 5 stars 902 1 offer from \$890 \$ 8 90

The Bose Solo Soundbar Series II and the Bose TV Speaker are similar 2.0 soundbars. The TV Speaker is better overall, having a couple of extra features. It's better built and has an HDMI ARC port, so it supports HDMI CEC to let you control the bar's basic features with your TV remote. Its stereo soundstage is better, too.

Page 15: Limited Warranty AINTENANCE Limited warranty Your Bose Solo TV sound system is covered by a limited warranty.

The Bose Solo 5 TV sound system is almost a classic in the short-lived world of consumer electronics. On Amazon, the ultra-compact soundbar I reviewed a few years ago is still on the bestseller list after many years. It's aimed more at the basic needs of those who don't aspire to a home theater, people who simply get annoyed by the thin ...

February 21, 2016 - The Bose Solo 5 TV sound system is a one-piece soundbar that dramatically improves TV sound and needs only one connection from the speaker to the TV features Bluetooth connectivity for wireless music streaming, and an advanced remote makes controlling the system, TV and other connected sources easier than ever.

Despite being released over seven years ago, the Solo 5 is still on Bose's soundbar roster, for better and for worse. It's still the pleasingly compact and user-friendly soundbar that we first met in 2016, but it's also still very much style over substance with a sound that isn't much of an improvement over your TV's built-in speakers.

Purchased my Bose Solo 5 to enhance TV audio experience. I use my TV to watch "traditional cable" and also "stream" movies, IHeart Radio and Pandora for music. ... This system is designed to be a simple one speaker solution for customers who are not interested in having a separate bass speaker. Here is a link to a similar soundbar system that ...

The Bose Solo connects to the TV, which can be between 32 and 42 inches wide, with an optical or coaxial digital cable, or analog RCA cable. Only one can be enabled at a time and the Solo will know which. Other cables are redundant. ... Bose Solo TV Sound System

The Bose Solo Soundbar Series II is a 2.0 bar. That means it has to downmix 5.1 surround sound content like

Bose solo speaker system

Dolby Digital into stereo to play it. Unfortunately, it won't sound as clear or real as what you get with a bar with discrete surrounds.
