Designed to drive the outdoor power tools that professional landscapers and ambitious homeowners use to get the job done. SmartLink is the brain of the Cat 60V battery pack, managing charging ...

IRVING, Texas, Jan. 6, 2023 /PRNewswire/ -- Caterpillar Inc. (NYSE:CAT) announced the company is investing in Lithos Energy, Inc., a U.S.-based battery technology company that produces lithium-ion ...

Leveraging expertise across Caterpillar's global network of technical centres in the U.S., U.K., China, and India, the program focuses initially on battery solutions for equipment used predominantly in industrial applications. The battery range uses lithium-ion technology and features a modular design to optimize performance and packaging.

Cat® Lift Trucks has introduced the option of lithium-ion batteries on its award-winning EP25-35(C)N 80V electric counterbalance forklift range. ... Whatever battery is chosen whether a lead-acid or Li-ion battery,

## Caterpillar lithium ion battery

the Cat EP25-35(C)N range boosts output by meeting all driver needs and wishes. When selecting it for a prestigious Red Dot Award ...

The CAT 1200-Peak-Amp Li-Ion Jump Starter is a compact solution for jump-starting most vehicles on the road today--including most V8-powered cars and trucks. It comes with detachable smart jumper cables that have integrated reverse-polarity protection. ... Lithium Battery Backup with 120W AC Outlet, PD100W USB-C Bilateral Port, LED Light ...

The good news is that the 12V 1600mAh 19.2Wh lithium-ion battery in your generator is typically rechargeable. You can try jump-starting it with another power source or using a compatible charger to revive it. If you're unsure about the battery model, you might want to contact CAT support or check the generator's manual for more information.

Built on proven Caterpillar technology, the lithium-ion battery range features a modular design that offers flexible configurations across multiple applications. The batteries are engineered to be scalable to industry and customer performance needs and maximize sustainability throughout their lifecycle, including recycling and reuse at the end ...

The 60V Cat 5Ah Lithium-Ion Battery for 60V Cat Outdoor Power Equipment products has been engineered using the latest advancements in battery technology. This higher capacity battery is designed to drive the outdoor power tools that professional landscapers and homeowners looking for professional-grade performance use to get the job done. This ...

Lithium-ion (Li-ion) battery technology is now available as an option in almost all Cat™ electric counterbalance and warehouse truck ranges. While lead-acid ... Cat lift trucks with Li-ion battery options. Electric Powered Lift Trucks. EP14-20(C)N2T. EP16-20(C)N2. EP25-35A(C)N. EP40-55(C)N(H) Power Pallets.

When compared to traditional batteries, Lithium-ion power solution offers zero maintenance, are compact and long lasting. "Lithium-ion batteries are revolutionizing the electric lift truck market," said Jenna Reed, Product Marketing Manager.
