The solar energy industry in Texas is thriving, with the SEIA ranking the state second in the nation in 2022 for total solar capacity installed. Texas is also home to the fastest-growing solar market, thanks to a combination of its hot, sunny climate and a variety of available solar incentives at the local level.

Freedom Solar was established in Austin in 2007, and we have since grown into the number one solar contractor in Texas. We install solar panels in Austin for residential and commercial customers, including Whole Foods, Shake Shack, The University of Texas, Huston-Tillotson University, Strictly Pediatrics, Austin Subaru, and Ben White Storage.

In Central Texas, there's no shortage of sun energy, and by partnering with a residential solar company, you can significantly reduce your carbon footprint and living expenses at the same time. And with tax incentives, such as the Federal solar tax credit, there's no better time than now to upgrade your home with solar panels .

Top solar installers in Texas can cost around \$1.91 per watt or around \$11,430 for a 6kWh solar system. When asked in the Forbes solar survey how likely they were to recommend solar installation, 90% of Southwest U.S. residents said they'd be very likely or somewhat likely.

Elevation Solar is our pick for the best warranty coverage on solar panels in Texas. It offers a 30-year warranty on equipment and workmanship for LG and Panasonic solar panels, which is five years longer than almost any competitor. This relatively young company was founded in 2014 and Texas is one of only a few states in which it operates.

# Central tx solar companies
