

Ceylon solar power

The Solar One Ceylon Power Station is a 12.56-megawatt solar photovoltaic farm built in January 2017 at Welikanda, in the Polonnaruwa District of Sri Lanka. The solar farm utilizes 315W and 320W polycrystalline modules manufactured by JA Solar Holdings, which are installed over 624 single-axis solar trackers supplied by the Spanish firm Grupo Clavijo. The trackers are ...

The winners will sign 20-year power purchase agreements (PPAs) with the state-owned Ceylon Electricity Board. Sri Lanka's Ceylon Electricity Board has kicked off a tender for the development of up to 165 MW (AC) of ground-mounted PV projects on a build, own, operate basis.
