The preceding products were chosen from Harbor Freight's catalog of Chicago Electric-branded power tools. Preference was given to products with at least a 4 out of 5 user rating and/or positive ...

Deregulation of the electricity market in Illinois began in 1997. As a result, Chicago residents now have the option to choose their energy provider. Deregulating the power market also enabled different energy suppliers to offer varying electricity prices. If you live in the Windy City and want to cut your electricity bill, you can browse the energy providers in the area and ...
