The engineers behind the channel Munro Live have had a Ford F-150 Lightning on their dissection table for a while, tearing into the EV pickup's systems to find out a little more about how it all functions. Sandy Munro, veteran automotive engineer, has been impressed with the vehicle's frunk, along with its thermal system, its motors and suspension ...

Key safety features include: The F-150 Lightning is protected by Ford's basic warranty package but also includes an eight-year/100,000-mile policy for electric vehicle components. This additional warranty matches that of other EV rivals. Specifications

The Pre-Collision Assist system in Lightning's without radar uses the camera above the rearview mirror in the windshield exclusively. The system, using the camera in the windshield, is able to detect other cars/obstacles and is able to determine if a collision is possible and/or imminent. ... 2022 Lightning Lariat ER w. BC 1.3 - Husky bedmat ...

The Ford Home Integration System for the Ford Lightning has been oversold as a game-changing feature, but in reality, it's more of a novelty than a necessity for most owners. ... It's really REALLY far outside the Ford wheelhouse. They should have just helped establish a VTL standard and pushed the manufacturer of the FCSP to follow that ...

Verdict Fully-electric full-size pickups have mighty shoes to fill, but the F-150 Lightning is put together by the folks who built the decades-long bestselling truck--and it shows. Full-size pickup trucks are the Taylor Swift-concert of new-vehicle sales in the U.S., meaning the masses will stop at almost nothing to get into one.
