

Escape fitness deck vs power systems deck

Some deck drainage systems could cost you up to \$8.00 retail per square foot. You can get a high-quality product on the market for about half that cost. Once you find the product that meets all of your criteria, look at the price per square foot to find one that offers the best quality and value for the dollar without busting your budget. ...

plastic sheeting will degrade in about 2-3 years even if protected from the elements the reason it's expensive is because there are few if any alternatives. you could try sheet metal from rolls (it'll be a lot of work to cut long wedge shapes so the trough is sloped when installed between joists), but it's still likely to rust out even with galv corrosion protection because of wet debris that ...
