If you plan to install solar panels purchased in Canada, you may be eligible for a grant of \$1,000 per kW of capacity (up to \$5,000) installed through the Canada Greener Homes Grant. This grant alone covers around a quarter of the cost to install solar panels when installing 5 kW at the average price.

By applying for a Green Homes Grant, you might even be able to reduce the outlay of any solar power panels that you install. If you are carrying out green energy improvements on your home in Worthing, you can apply for this grant, which the Government announced in July 2020, of between 5 and 10 thousand pounds.
