All solar energy systems installed by Brio Energy include a 25-year warranty on residential solar panels from the manufacturing company. In addition to this, Brio Energy also offers a 25-year warranty on materials and labor to give homeowners confidence in their rooftop solar systems.

In all of the quotes I have received Brio has also been the highest price. In some cases by as much as \$5,000 and that was for a better rated system that still had the same warranties. There are several good solar companies out there and I still plan to go solar, but I highly recommend steering clear of brio. Beware!

Is brio solar energy a good company

We had a good start with Brio. Their friendly sales rep showed us how we would save because Brio's solar panels will cost the same as our current energy usage, loan terms were low, they'll do all our permit requests, even for our HOA, and help with securing tax rebates to offset some of the expense.

The recent rapid growth of solar energy in Minnesota is good, and I encourage Minnesotans who think it might be right for them to do their research and ask lots of questions. Holding bad actors like these accountable helps every legitimate solar-panel company and every homeowner that wants to save money, improve their home, and do right by the ...
