About this item . Clean and Unlimited Solar Energy: 100% green energy with smart MPPT controller for optimal charging efficiency. The power station can be fully charged with 2 Jackery SolarSaga 100W solar panels (Should be bought ...

Jackery power station solar panel

The lightest and most portable Jackery Solar Generator 500 is easy to maintain. All you need to do is wipe the SolarSaga solar panels and Explorer Power Station with a clean cloth to improve efficiency and harness the power of free renewable energy. Connect the solar panel to Explorer 500, and you'll have a portable solar system ready in 60 seconds!

You can connect a 100W solar panel to a Jackery Explorer with a 42W max solar input, but you shouldn't connect a 40V panel to a power station with a 30V maximum input voltage. The panels I recommend above are all within safe voltages, and won't hurt the charge controller in the Explorers.

The power station can be fully charged with 6 Jackery SolarSaga 200W solar panels (Should be bought separately) in less than 2.5 hrs or only 2 hrs via AC wall outlet charging. ... (APP) port / 8mm port changed to DC8020 / No mobile app support
