The Libya Energy & Economic Summit 2024 represents the second edition of this important investment platform. Organized by Energy Capital & Power, LEES 2024 takes place with the endorsement and support of the Office of the Prime Minister, the Ministry of Oil and Gas, and the National Oil Corporation.

Abstract: The majority of generated electricity in Libya is produced from oil and gas, both of which are considered the primary revenue sources of the Libyan economy. As it is anticipated that the energy demand will rise sharply in the near future, more of the oil and gas reserves will be consumed and hence increasing CO<sub>2</sub> emissions. The focus of this paper is to survey the ...
