

Logo sunpower

The logo features a bright yellow sun with rays emanating from it, representing the power of the sun. The solar panel in the center of the logo signifies the use of solar energy to generate electricity. The logo also includes the words "sustainable" and "renewable," highlighting the environmentally-friendly nature of solar power.

SunPower Corporation is an American provider of photovoltaic solar energy generation systems and battery energy storage products, primarily for residential customers. The company, headquartered in San Jose, California, was founded in 1985 by Richard Swanson, an electrical engineering professor from Stanford University. Cypress Semiconductor bought a majority ...
