

If you go into your Google photos app and click on the " search " function, a screen will come up that allows you to search your photos by people and pets, documents, things, and of course, places. It's here in the " places " folder that you can find your personal, somewhat hidden map. (1) For some, there might be a square that says " your map . " " ;

Google Maps provides users with detailed maps of locations worldwide. You can search for specific addresses, landmarks, businesses, or points of interest, and it will display relevant information and locations on the map. Google Maps is available as a website and as a mobile application for iOS and Android devices.

Pues el modo mapa va bien, tiene sus fallos con algunas calles pero bueno, es aceptable. Lo que no es aceptable son las reseñas, cualquiera puede dejar una sin motivo, solo por placer o con ánimo de hacer daño, y la aplicación da opción de reseñar cualquier negocio o servicio, exceptuando a ella misma.

Funziona molto bene, ti porta dove selezioni. Ci sono alcuni aspetti che sono da migliorare anche a pagamento (visto che comunque siamo davanti all'azienda con più informazioni del mondo): - si deve poter selezionare una larghezza minima della strada soprattutto in montagna. - si deve poter selezionare l'altezza massima del mezzo per evitare sotto passaggi e ponti troppo bassi.

Last year, Google introduced Live View to Maps, overlaying your surroundings with augmented reality. Live View relies on machine learning, smartphone sensors and the real-world imagery provided by the Google Maps Street View feature. The new feature helps you figure out which way to go when starting a walking route.
