In a world first, Siemens Gamesa Renewable Energy (SGRE) has today begun operation of its electric thermal energy storage system (ETES). During the opening ceremony, Energy State Secretary Andreas Feicht, Hamburg's First Mayor Peter Tschentscher, Siemens Gamesa CEO Markus Tacke and project partners Hamburg Energie GmbH and Hamburg ...

A majority stake in the wind power subsidiary Siemens Gamesa Renewable Energy (SGRE) makes Siemens Energy a global market leader for renewable energies. An estimated one-sixth of the electricity generated worldwide is based on technologies from Siemens Energy. Siemens Energy employs around 93,000 people worldwide in more than 90 countries ...

The new targets reinforce Siemens Gamesa's sustainability by adding to several major decarbonisation successes over the last months. Specifically, Siemens Gamesa achieved carbon neutrality and verified its climate targets by the Science Based Target initiative (SBTi), becoming the first renewable energy manufacturer to do so.

3 days ago&#0183; Siemens Gamesa Renewable Energy SA (BME:SGRE) on Monday officially launched a project for the construction of a new factory in Virginia, touted as the first offshore ...

The platform is delivering for our customers and for the end user of the megawatts of renewable electricity they are generating, and we now look forward to reaching the next 100 of these turbines installed even sooner," said Clark MacFarlane, CEO of Siemens Gamesa's operations in Northern Europe and the Middle East.

The almost 100 MW of new capacity will also contribute to a significant CO2 reduction and to the goals set out in Italy's energy transition plan," said Andrea Tolai Bartali, Managing Director of Siemens Gamesa in Italy. The 97 MW to be installed by Siemens Gamesa will have a positive impact on the environment.

We are the go-to resource for any questions involving technology of the legacy companies (Siemens, Gamesa, Senvion, Bonus, and Adwen) whose DNA makes up today's Siemens Gamesa Renewable Energy. Moreover, we have developed innovative solutions to extend the lifetime of your aging assets by bringing them back to state-of-the-art performance levels.
