During the day, sunlight hits solar panels on your roof. The panels contain photovoltaic cells, which convert photons from sunlight into electricity. Direct current (DC) electricity flows from the panels to an inverter, which converts DC power into alternating current (AC) power, which you can use in your home.

Reliant Conservation 24 plan. Our Rating: 5 / 5 stars Our Review: Reliant's Conservation 24 is a two year plan that encourages customers to use less energy. Customers often complain that electricity companies incent people to use more energy than less, and this plan actually gives those folks a legitimate choice to use less.

Solar panels are an increasingly popular way to generate electricity. Reliant is here to help you understand more about this environmentally friendly energy solution and the benefits it brings to homeowners.

Reliant Energy was once one of the best Texas electricity providers for solar homeowners due to their full-retail net metering offer. However, this has changed, and solar savings with Reliant are now lower than before. Reliant Energy's Simple Solar Sell Back plan is still one of Texas's best solar buyback plans.

The Reliant 100% Solar plan matches your energy usage with solar renewable energy certificates and is available to renters. Suppose you live in a home and have solar panels or an electric vehicle (EV). In that case, Reliant offers plans where you can get bill credits for excess energy generated by your panels and specific EV charging plans.

With the Reliant Solar Payback Plus plan, you'll receive bill credits when your solar panels generate excess energy and return it to the electric grid. 1 Get more from your solar panels Call 1-866-735-1214

Reliant Energy Retail Services" Solar Payback Plus plan is for homeowners who already have solar panels installed and are switching to Reliant. This plan is similar to the Simple Solar Sell Back plan, where solar energy is first used at home, and any excess goes to the grid. However, the value of the excess energy differs under the Solar Payback Plus plan.
