Two portable and foldable panels that are compatible with both are the Rockpals 60W and Rockpals 100W. You can connect a solar panel like the Renogy 100W solar panel to the Rockpals by using the MC4 adapter Rockpals include. If you want to connect the same panel to the Jackery, you're going to need an MC4 to 8mm

Rockpals solar panel

adapter.

In A Nutshell. At a significantly lower cost than an equivalent, Goal Zero solar panel, the Rockpals 80W impressed me with its unexpectedly high solar conversion rate of 77.8%. It can have two daisy-chained to double the charging capacity, and its built-in kickstand helps orient the panels towards the sun to gain as much solar exposure as possible.
