The best solar battery in Kenya is definitely a deep cycle battery. Deep cycle solar batteries can be categorized into two; lithium ion batteries and lead acid deep cycle batteries. Lead acid batteries have been around for a really long time. They are the batteries used in cars. Deep cycle lead batteries are specifically used in solar systems.

Solar battery 100ah price in kenya

The best solar batteries for sale in Kenya come with high battery life and offer many charge/discharge cycles. A good battery should also come with a warranty that guarantees a certain number of life cycles or years of useful life.

Deep cycle technology allows a solar battery to be discharged slowly over a long period of time until it has nothing left to give and then recharge and be ready for use again. The deep cycle technology affects not only performance of the solar batteries but also the solar battery prices in Kenya.
