Solar loans are popular among homeowners because you don't have to have the money for the installation upfront, but you get better lifetime savings than with a leased system. You also get to directly use the incentives (tax credits, rebates, etc.) available in Minnesota, rather than a leasing company retaining them.

Our vision is a solar panel-powered MN with reduced dependence on exhausting energy resources and a healthy planet. With the reputation of completing thousands of projects with the best options for financing, discounts, and returns for your solar energy system, we look forward to a brighter Minnesota with solar energy.
