

Solar power houston

To go solar in Houston, homeowners can rely on the 30% Federal tax credit and the state-sponsored property tax exclusion. However, neither Centerpoint Energy nor TNMP offers incentives, rebates, or net metering to homeowners installing solar panels.

Solar incentives and rebates can cut the cost of installing solar in Houston by thousands of dollars. The most significant incentive is the 30% federal solar tax credit, available to any taxpayer in the country when they purchase solar panels or battery storage.
