The new Weller BL60MP is a high performance cordless soldering iron with a rechargeable Lithium-Ion battery. It can stay on for up to 45 minutes, or produce 1, 100 soldering joints on one charge. The ergonomic handle is a joy to hold.

If you opt for a butane-powered soldering iron, be prepared to handle a hot flame and free-flying sparks. What's more, make sure that the iron has a fuel tank with a large capacity. Otherwise, you'll spend half your soldering session refueling. Most solder has a melting point just below 400 degrees.
