As you can see, Sunrun is slightly cheaper than SunPower and Freedom and has more payment options. Sunrun and SunPower are equally popular national solar companies, but Sunrun offers a wider variety of services. Sunrun is our pick for solar leasing options.

Sunrun is a publicly traded company and the largest solar energy installer in the United States as of 2022. Sunrun primarily installs solar energy systems that are leased to homeowners by the company, and their most popular lease option is a monthly lease.

About Sunrun Sunrun is the nation's leading residential solar, storage and energy services company. With a mission to create a planet run by the sun, Sunrun pioneered residential solar service. We have nearly 600,000 customers and have sold our solar service in 22 states, DC & Puerto Rico. Forward-Looking Statements

Sunrun recognized that the steep initial cost of this approach was keeping tens of millions of U.S. homeowners on the sidelines. So the company pioneered a new "solar as service" model, whereby homeowners lease the solar system through Sunrun and pay a fixed monthly fee, just like leasing a car.

Sunrun Shift can buffer you from peak TOU rates so that you may save even more on your electric bill. Will an energy storage system allow me to go off grid? Our rechargeable solar battery systems are designed to keep you on the grid during normal service times while providing reliable backup when the sun isn't shining or during an outage ...

State by state, Sunrun is leading the solar revolution. Our solutions, including America's #1 solar subscription, are making an impact on the solar industry and communities by offering an accessible way for people to leverage solar panels and battery storage. Based in more than 5,000 cities in 22 states, Sunrun has 10,800 employees making homes brighter every day with solar.

Sunrun's warranties are top of the line if you're going the route of the power purchase agreement or lease and it installs tier-one panels, a company spokesperson said. It also offers strong solar ...

In July 2018, Sunrun expanded their solar and battery service to the island of Puerto Rico. [14] With operations in 23 states, the District of Columbia, and Puerto Rico, Sunrun became the largest solar, storage and energy services company in America, surpassing SolarCity (now Tesla Energy).

At Sunrun, we believe an outstanding candidate experience is the cornerstone of building the best team on the planet and driving our collective success. We're thrilled to announce that we've been recognized as a 2024
